

EMERGENZA
CORONAVIRUS
COVID 19
EMERGENCY

Protect yourself and those around you by respecting the rules when you visit the Museum

Do not enter the museum if you have any symptoms of an acute respiratory infection (fever, cough, cold)

If you are coming from or returning abroad, you must have complied with the current health regulation requirements <http://www.governo.it/it/coronavirus-misure-del-governo>

Always wear a mask to protect your nose and mouth

Wash and disinfect your hands often, even if you're wearing gloves, using the sanitizer bottles distributed throughout the museum

Don't touch your eyes, nose and mouth, even if you're wearing gloves

When you sneeze, or cough use a handkerchief and make sure your hands have no direct contact with the secretions

Don't hug anyone or shake hands

Follow the one-way itinerary as indicated; do not linger in areas where people are passing through, and always make sure you are 1 metre away from other people

You may only sit down on seats that have the pertinent signs

Respect the limits for the number of people allowed in each room

Follow indications given by the staff regarding any queues while waiting to use the washrooms or certain exhibition rooms
